*CLECs and ULECs operating in more than one state will be assigned multiple codes.
REQUIRED DOCUMENTATION:

The following documentation is required to obtain a Company Code:

- Legal document (e.g., Articles of Incorporation with state seal or stamp, State Registration, etc.) as proof of existence and to reflect the telecommunication service provider's legal name.

AND

- For CLEC, ULEC, CAP, and Local Reseller service: A copy of the certification by the state Public Utility Commission.

- For Interexchange Carrier: Documents may vary from state to state. A copy of the State Public Utility Commission's approval is required when the State Commission regulates the Interexchange carrier/reseller service. If the service is not regulated by the State Commission, the required document may vary, so please contact us (contact information listed below).

- For ETHX: Proof of service and customers, e.g., contractual agreements with customers and a detailed description of the service including the areas where the service will be provided. We reserve the right to request additional documentation.

- For IPES: Proof of service and proof of customers, e.g., interconnection agreements (or evidence of an interconnection order pursuant to an approved tariff) and contractual agreements with end-user customers or regulatory administration approval, if applicable and a detailed description of the type of service being provided including the areas where the service will be provided. We reserve the right to request additional documentation.

- For Wireless or PCS service: A copy of the company's FCC radio/PCS license.

- For Wireless and PCS Resellers: A copy of the interconnection agreement with the wireless carrier.
