Guideline to Telecom Rules

Pending Rules Chart

Part 36 – Jurisdictional Separations Procedures; Standard Procedures for Separating Telecommunications Property Costs, Revenues, Expenses, Taxes and Reserves for Telecommunications Companies

How to use this document

This Pending Rules Chart is a companion document for use with the NECA Guide to Telecom Rules. It contains rules that have been adopted by the FCC but are not yet effective because they are awaiting Federal Register publication or Office of Management and Budget approval. The GTR will show these with a (pending text) link.

The text of the rules in this chart comes primarily from FCC Orders. The final Federal Register version may be different from the Order text and takes precedence. Reasons for changes may include corrections and errata to the rules issued between the publication of the text of the Order and the Federal Register text.

This document was prepared by NECA, a third party, to complement the Federal Communications Commission’s Rules. It is believed to be complete and current, but is not intended to supersede 47 C.F.R.
